

Faster eFiling with less data entry

InfoTrack integrates with LEAP to automate court filing and other litigation processes. Activate InfoTrack to save time and reduce errors.

Direct access to your documents

No need to save or export documents locally to file. Select directly from your matter and reduce your risk of mistakes.

File-stamped documents sync to your matter

Documents returned from the court or process servers are saved in a specific folder automatically.

Better cashflow management

We pay court filing fees, convenience fees, and service fees upfront on your behalf. You receive a monthly invoice.

”

InfoTrack has been so simple... our filings come back in record time. I haven't been this happy with an eFiling portal in a long time.
